

Bentinck, Manvers & Kingston - Nottingham

Arcus Consulting LLP - Curtis Consulting - Wates Living Space - Nottingham City Homes

Project Information

Type of Building:	16 storey refurbished apartment block x 3
Glazing System:	Windoors System 1000 'Light'
Quantity:	269 enclosed balconies
Construction:	Six stacks of projecting balconies per block spanning from the 1st to the 16th floor. The top floor balconies also include a roof. The elements are storey high and comprise a balustrade section glazed with opal laminated float safety glass and an upper section featuring clear sliding, folding opening glass. Each balcony has side hung opening glass on the return for additional ventilation. All opening panes turn inward to allow safe and easy cleaning.
Completion Date:	2015
