

Clifford Lamb Court – Manchester

Manchester Working - Northwards Housing

Project Information

Type of Building:	12 storey refurbished apartment block
Glazing System:	Windoors System 600 railings & System 1000 side screen
Quantity:	44 open balconies with privacy screen
Construction:	Comprising 4 stacks of open balconies spanning 11 floors. Constructed from Windoors System 600 railings with painted perforated 3mm aluminium panel infill. Additional horizontal aluminium décor profiles have also been selected. Each balcony benefits from a full height screen from Windoors System 1000 which is glazed with fixed opal laminated safety glass to provide privacy. An additional bonus of this screen is that it will provide some level of protection from the elements.
Completion Date:	2016
