Project Information

Type of Building: 13-storey renovated apartment blocks x 3
Glazing System: Windoor System 1000 Light
Quantity: 72 enclosed balconies
Construction: 2 stacks of balconies per block span from the 1st to the 13th floor. The elements are storey high and comprise a balustrade section glazed with partially obscured laminated float safety glass; the upper section features sliding folding opening glass. An obscure glazed section runs horizontally between balcony elements to cover the brackets and floor slabs.

Completion Date: 2014
